## About

My name is Hidden Smith Quispe. I'm currently a fulltime student at SUNY Orange Community College, located in Middletown NY. From the age of 17 I started to DJ private events. Such as, weddings, sweet sixteen, quinceaneras, festivals, corporate and fundraising events. I have worked for Rondout Electric as an electrician for 8 years, and currently employed part time at DMU Music Store. I also had the great opportunity to partake in the Spring 2019 college internship program for Emmis Communications. New York,N.Y. In my experience as a DJ, electrician, current employment, and intern I have learned to be trustworthy, ethical, outgoing, and have the ability to interact effectively and in a supportive manner with persons of all ages and background. I also enjoy working in a team environment. At this time, i'm looking for an internship at a radio station to expand my knowledge about broadcasting & the radio business.

---
