Who's Hidden?

I'm 28 years old, ambitious and driven. I always thrive when given a challenging task and constantly set goals for myself. I'm not comfortable with settling and always look for an opportunity to better myself and achieve greatness. Working as an electrician for 8 years has taught me to be trustworthy and have the ability to interact effectively in a supportive manner with persons of all ages and background. Being a Professional DJ over 10 years has trained me to be punctual, reliable, and creative. During my time at SUNY Orange Community College, I've faced the greatest challenges of all, which is time management. I've learned to set deadlines before due dates to help me manage certain tasks and overcome this obstacle. Overall, I'm ready to complete any assignment given to me while overcoming any obstacles. I'm not afraid to admit when I'm wrong or when I need help. I believe being honest with yourself and your coworkers ultimately helps complete tasks and get it done right the first time.
